---

My name is Nic, I'm 18 and I go to UNSW, I am super into Website design and coding in general, but I haven't been able to do much professional work, I'm currently joining Redback Racing as part of a telemetry team delivering data visualisation through ReactJS and Docker and was hoping I could work at BlueSoap on Tuesdays, Thursdays and over the weekend

## EXPERIENCE

**MAY 2021 – JUNE 2023**

**ASSISTANT STAGE MANAGER**, LEGALLY BLONDE MUSICAL TECH CREW

As an ASM I organised and directed the lower stage right, this included moving sets and props on and off stage while keeping focused such that the show stayed on schedule and on time.

**MAY 2018 – JUNE 2019**

**LIGHTING ASSISTANT**, WICKED MUSICAL TECH CREW

As a lighting assistant I helped queue each lighting change and took notes on what needed to be changed for the next show, both for lighting and the overall performance

**MARCH 2022 – NOVEMBER 2023**

**LABORATORY ASSISTANT, CELLABS PTY**

As a laboratory assistant I assisted with duties such as equipment calibration and maintenance, diagnostic reagent production, publication research and indexing and other general scientific duties.

**AMY WHYTE:** Manly Selective, [Amy.Whyte3@det.nsw.edu.au](mailto:Amy.Whyte3@det.nsw.edu.au)

## EDUCATION

**2018 - 2023**

**STUDENT**, MANLY SELECTIVE CAMPUS

I have received outstanding marks in all subjects throughout each year particularly in science and software and eventually gained an ATAR of 96

**2024 - ONGOING**

**STUDENT**, UNSW

I am currently undergoing a double degree in Electrical Engineering and Computer Science
